

Weekly sales operating review

Closed week 2026-08-24 · trailing 12 weeks · N03 · Generated from a reconciled reporting snapshot

DECISION STATUS · CRITICAL

Focus the next review on the first exception

Morgan Hayes: Insufficient pipeline to recover the target.

DECISION STATUS	ATTAINMENT	FOUR-WEEK PACE	PIPELINE COVER
Critical	65.7%	65.2%	84.6%

Recommended actions

These are deterministic suggestions for the next operating review; this demo does not write them back to a workflow system.

CRITICAL	North Market	Create a recovery plan and inspect the weakest channel	Due 2026-08-31
FOLLOW-UP	Morgan Hayes	Bring the leading-indicator trend and recovery evidence to the next review	Due 2026-09-07

Exceptions in scope

The review pack keeps the top five signals next to the decision.

STATUS	ENTITY	ACTUAL	TARGET	GAP	ATTAINMENT	4-WEEK PACE
CRITICAL	Morgan Hayes North Market · SEL005	€581,297	€935,300	€-354,003 -37.9%	62.2%	64.7%
CRITICAL	Casey Taylor North Market · SEL006	€691,169	€1,001,950	€-310,781 -31.0%	69.0%	65.7%

Reporting method: exception-first weekly review. Status thresholds, metric definitions and the difference from the classic KPI catalogue are documented in README.md.
